Your wedding *at Fontenille*

Fontenille
COLLECTION

An authentic venue *full of history*

In the heart of an exceptional vineyard, in the Luberon Regional Natural Park and close to the Lourmarin village, the Domaine de Fontenille welcomes you into its Aix-style Bastide.
Built between the end of the 17th century and the beginning of the 18th century, the bastide used to be the stronghold of the Savornin family.

In 2015, Domaine de Fontenille was renovated and became a luxury hotel designed as a family home. Getting married at Domaine de Fontenille is the certainty that every moment will be unforgettable. With the Domaine's heritage, the French art of living takes on its full meaning here. From the wedding preparation to the final celebrations, we will assist and support you in every step of this unforgettable event.

Your ceremony, *excluding a magical moment*

Our team is at your disposal to create the ceremony of your dreams in an outstanding environment where the time stops, surrounded by our cedars, vines and facing the Petit Luberon.

We will unsure to make every moment unforgettable and will accompany you to make all your wishes come true: floral arrangements, entertainment, photographer... All attempts will be made to offer you a tailor-made event.

A relaxing moment
before your special day

The different spaces at Domaine de Fontenille are experienced as a pause in time. Our philosophy remains true to that of the hotel, combining nature, beauty, and tranquility to offer you relaxation and comfort before the big day. Treat yourself to a moment of leisure by the pool, or take a guided stroll through our gardens, vegetable garden, or vineyards while listening to the song of the cicadas. Treatments and massages can also be enjoyed in your room, following the natural protocols developed by Susanne Kaufmann. Discover our vineyards through oenological activities or indulge in a tasting in our wine cellar.

About
Fontenille Collection

Discover Fontenille Collection, a collection of hotels founded by Frédéric Biousse and Guillaume Foucher, combining the French art of living with cultural discovery, gastronomy, well-being, simplicity, and elegance. Giving meaning, understanding and enhancing local terroirs, and preserving heritage are at the heart of the collection's philosophy.

Fontenille Collection offers a distinctive journey, both physical and intellectual, sensory and initiatory. It is a geographical and historical voyage where centuries converge, distances fade, and landscapes unfold, from the cliffs of Menorca to the hills of the Luberon, from the Calanques of Marseille to the rolling countryside of Tuscany.
